

# 36" PORTABLE EVAPORATIVE COOLING UNIT

MODEL NUMBER: VTECF-36-11K

## APPLICATIONS:

Outdoor Activities | Sporting Events | Entertainment  
Industrial Plants | Constructions Sites

All of Ventocool's units are equipped with high performing and highly efficient motors and blades that allow the cool air to travel faster and reach farther distances while successfully lowering the air temperature in between.

When water evaporates into the air, you can experience an immediate drop in ambient temperatures, including, in some cases, by as much as 30 degrees or more.

## FEATURES:

- Tough and durable plastic housing. Variable speed control.
- Long term dependability and virtually maintenance free.

Warranty	1 Year Material and Craftsmanship
Fan Motor	1/2 H.P. - 115V/60Hz, 6 amperes
Water Pump	1/6 H.P. - 115V/60Hz, 2 amperes
Air flow	11,000 CFM
Water Reservoir	Built in 53 gallon water reservoir
Cooling Capacity	Up to 3,625 ft <sup>2</sup>
Unit Dimensions	67" (H) x 69" (W) x 34" (D)
Unit Weight	210 lbs.
